PROFILE

Seeking an entry level diesel mechanic position to build upon basic vehicle maintenance skills and develop a solid background in diesel mechanics.

SKILLS

- Comply with all DOT regulations
- Accurately perform pre and post trip inspection
- Brakes
- Diagnostics
- Emissions
- Electrical
- Efficient
- Adaptable
- Experienced working in teams and independently
- Flexible
- Motivated
- PMI

EDUCATION

American Diesel Training Center, Cincinnati, OH

December 2020

Diesel Mechanic/Technician

- Selective program designed to supply industry with vetted, high character, proficiently trained technicians
- Introduction for entry level preventative maintenance technicians
- Hands on intensive program focusing on PMI, electrical, diagnostics, brakes and emissions

WORK EXPERIENCE

Spirit Aerosystems, Wichita, KS

September 2018 - February 2020

Sheet Metal Mechanic

- Inspected finished products for quality and adherence to customer specifications
- Calibrate or adjust equipment to ensure quality production, using tools such as calipers, micrometers, height gauges, protractors, or ring gauges
- Acquired knowledge of design techniques, tools, and principles involved in production of precision technical plans, blueprints, drawings, and models
- Became skilled in 5 different positions at Spirit Aerosystems. Three of which were interior structure building. In addition, I learned skin quality repairs well enough to assist with and complete minor jobs for the skin quality personnel.

Western Industries, Winfield, KS

May 2018 - September 2018

Trimmer

- Inspect and trim excess plastic off of production parts
- Experience working in a high-speed environment, requiring efficacy and quality work

Defensible Spaces, Throughout U.S.

July 2003 - April 2018

Crew Leader

- Felling trees as a contractor for multiple businesses and/or for my own business
- Teaching chainsaw safety, tree felling and safety dynamics of felling trees, limbing trees, bucking logs and equipment operation.
- Work required throughout United States as needed within the Forestry and Wildfire Mitigation fields
