Objective

Seeking a diesel mechanic position to build upon basic vehicle maintenance skills and develop a solid career in the diesel industry.

Education

DIESEL TECHNICIAN/MECHANIC | MARCH 2021 | AMERICAN DIESEL TRAINING CENTERS

- Selective program designed to supply industry with vetted high-character, proficiently trained technicians.
- Introduction for entry-level preventative maintenance technicians.
- Hands on intensive program focusing on PMI, electrical, diagnostics, brakes, emissions, and more.

Skills & Abilities

- PMI, Brakes, Diagnostics, Emissions, Electrical, and more
- Compliance with DOT regulations
- Accurately perform pre- and post-trip inspections
- Problem solving/logistics to avoid any disruptions in transportation
- Safely operate vehicles and heavy equipment and tie down cargo
- Experience operating heavy equipment, various machinery, hand tools, power tools, etc.

Experience

FORMING | DUALITE | NOVEMBER 2020 – FEBRUARY 2021

- Maintained material plasticity and regulated product solidification with correct use of air and gas inputs.
- Kept up with production demands by coordinating flow of materials moving into machines and products moving out.
- Determined ideal setup for machinery production runs based on work orders and specification.
- Met quality standards consistently via proactive identification and removal of defective products.

ROOFER | SOUTHERN OHIO HOME IMPROVEMENT | JANUARY 2020 – NOVEMBER 2020

- Completed various installation, maintenance, and repairs of roofing per company standards.
- Updated daily work logs and job site time sheets and maintained and cleaned project sites to ensure safety.
- Followed safety protocols and monitored risks to safeguard team members and promote adherence to OSHA guidelines.
- Assessed roof conditions to assist in estimating repair score, timeline, materials required, etc.

LINEMAN | THAYER POWER & COMMUNICATION | JUNE 2019 – JANUARY 2020

- Installed systems at heights of up to 35 feet and with in-ground layouts.

- Maintained strict safety standards, including verifying equipment operations and securing job sites.
- Dug holes using augers, set poles, cranes, and power equipment.
- Climbed poles and used truck-mounted buckets to access equipment.

ADDITIONAL WORK EXPERIENCE: Machine Operator at Aresty (2018); Product Builder at Tractor Supply Company (2017-2018); Machine Operator at Freeman (2015); DA/Hand Shops/Molds at Core Composites (2010-2013); Roofer at A&M Roofing (2010-2020).
